

HISTORY:

Concordia Lutheran Preschool opened the doors to our first students in September of 1985. The school began with 18 students in the 3's & 4's class. In 1987 a Pre-Kindergarten class was added. The school continued to prosper and in the fall of 1993 a Kindergarten class was added.

The Ready-Set-Go class was implemented several years later, as well as afternoon PreK classes, and in 2006 a Transition to Kindergarten class was added.

PURPOSE:

Concordia Lutheran School provides a Christ centered learning experience, which will help each child build a positive relationship with God, with others, and with him/herself. The school provides a developmentally appropriate program where each child can grow spiritually, socially, emotionally, physically, and academically in a safe, secure environment. Kind, caring adults provide positive, loving role models of respect and morality.
